

Human Faith VS. Saving Faith

Evidence of Human Faith (Easy Believism)

1. Gain eternal life & live in continual carnal rebellion.
2. Claim Jesus as Savior & defer His Lordship.
3. Saved from hell but not slavery to sin.
4. Still revel in sin and spurn holiness.
5. Separates faith from faithfulness.
6. Intellectual assent only, no demands for obedience to Christ.
7. No change in direction of life, just a passive decision.
8. Saved but behavior that is same as the world.
9. One-time profession is more valid than changed life.
10. Obedience is optional
11. The Lordship of Christ is a future deeper commitment, "Make Him Lord of my life."

Evidence of Saving Faith (A Gift & Work of God)

1. Obedience gives us evidence of saving faith.
2. Savior and Lord are inseparable to saving faith.
3. Saved from hell and slavery to sin.
4. Commit to holiness and Christ-like growth.
5. Faith and faithfulness are inseparable.
6. Whole-hearted obedience to truth is only true evidence of saving faith.
7. Not perfection, but a definite change in direction.
8. Cannot live same as world with indwelling Holy Spirit.
9. Changed life is only proof that profession is real.
10. Obedience is central.
11. No such thing as being saved and NOT also being Disciples of Christ who is Lord.
